

URL

URL:

In a section click on plus button and then click on Activity or resource to add it.

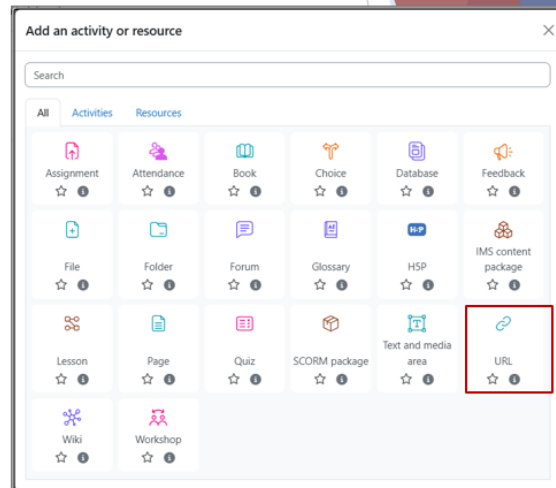

Now select your relevant activity you need to add

We are practicing following activities:

1. URL

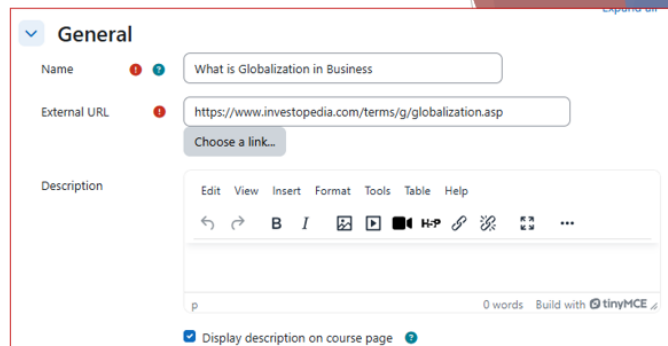

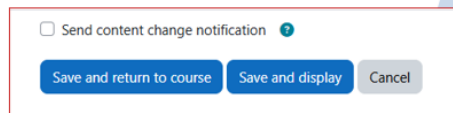

Above mentioned activities are commonly used and we are going to learn how to create them.

URL:

General Section:

- 1) Enter Name to display on course page
- 2) Copy & Paste URL
(it can be of any type e.g., a video link, a document link or a page link etc.)
- 3) If description added
(check display description on course page)

After that click on **Save and display**
